U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on AUGUST 28, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
AUGUST 29 - SEPTEMBER 4, 1977
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of September 8, 1977 (based on reports from exporters for the week ending August 28 unless otherwise noted).

Wheat: Korean purchases of 176,000 metric tons (MT) under PL-480 dominated sales activity which showed some strength after the lull last week. Ecuador, Japan and Jordan (under PL-480) made significant purchases. However, buyers appear to be watching further price developments before making long-range purchase commitments. Export clearances (622,500 MT) improved again with Poland the principal recipient. Sales of 200,000 MT (111,100 MT for 1977/78 and 88,900 MT for 1978/79) to unknown destinations were reported under the daily system.

Corn: Sales activity was surprisingly brisk considering the rapidly approaching end of the current marketing year (MY). Most sales were to Europe with Mexico adding a small quantity. Sales of 58,400 MT to East Germany for the current MY were cancelled. Italy, Greece, Japan and Taiwan were declared the final destination on most of the changes from unknown destination sales. Marketing year 1977/78 activity was moderately heavy, with Japan, Poland, Mexico and unknown destinations registering notable increases. Weekly exports of 726,800 MT were up sharply from last week.

Barley: The export market was fairly quiet except for sales of 156,000 MT to Korea. This resulted in the largest weekly increase in sales so far this MY. Optional origin sales fell 17,300 MT as sales to Poland were cancelled. This MY's heavy sales to Korea have pushed total sales to over 90 percent of the official USDA export projection.

Sorghum: Sales activity was fairly heavy for the current and next MY. Japan added significantly to both MY purchases. Spain bought 59,000 MT for 1976/77. Israel switched 32,100 MT to next MY and also added significantly to 1977/78 purchases. The export pace continued heavy.

Rice: The commercial export market continued fairly quiet. The only PL-480 activity was liftings against earlier sales. Sales and exports were reported to both Iraq and the Ivory Coast reflecting shifts in sales from unknown destination. New sales were slow, going principally to Saudi Arabia and unknown destinations. Exports picked up after 3 moderate weeks.

Soybeans: Total sales for the 1976/77 MY declined by 98,500 MT as contract adjustments more than offset new sales. Sales for the next MY increased by nearly 200,000 MT as the EC, Spain, Japan, Singapore, Dominican Republic and unknown destinations increased purchases. Exports (192,800 MT) went primarily to Japan (103,400 MT) and the EC (66,900 MT).

Soybean Cake and Meal: A sharp increase in sales to the Netherlands (73,800 MT) more than offset a number of sales cancellations to other countries resulting in a 56,200 MT net increase in total sales. The EC and unknown destinations made up most of the increase (162,500 MT) in sales for the 1977/78 MY. Exports, down 55 percent from the previous week, went to Japan and Canada.

Soybean Oil: Purchases by Iran, Bangladesh and Tanzania (the first of the MY) were primarily responsible for the 16,400 MT increase in sales. Exports (2,000 MT) were small.

Cotton: MY 1977/78 sales continued slow this week as only 53,100 RB were added, principally to the EC, Korea and Japan. MY 1978/79 sales were not significant. Exports were the lowest this MY as only 32,000 RB were lifted, 85 percent going to Asia.

Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which would result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.

September 8, 1977
